**State-Recognized Partnership Agreement between  
Maryville City Schools  
and**

THIS AGREEMENT is entered into by and between Tusculum University (hereinafter known as the Educator Preparation Program or EPP) and Maryville City Schools (hereinafter known as the Local Education Agency or LEA).

**WITNESSETH**

In consideration of the mutual promises contained herein, the parties have agreed and do hereby enter into this agreement according to the following provisions:

**I. Purpose and Responsibility**

The EPP is engaged in preparing candidates to be effective educators. In order to help ensure that a supply of qualified new teachers is available to be hired, the LEA wishes to participate in the clinical education of teacher education candidates. Candidates enrolled in clinical experience courses at the EPP will be considered by the LEA for participation in observational and classroom activities, including student teaching. Job embedded Candidates (a candidate who has been hired as a fulltime teacher by the LEA and whom the EPP has recommended for a Practitioner Teacher License) enrolled in content mentoring courses at the EPP will be assigned a content mentor by the LEA.

The purpose of this agreement is to define the responsibilities of the EPP and the LEA in providing these direct experiences for candidates in the EPP's Initial Teacher Licensure Programs. Because of their differing functions, the LEA and the EPP have unique responsibilities. Therefore, frequent and clear communication between the LEA's designated contact person and the EPP's Director of Clinical Experiences and/or the EPP's Director of edTPA is critical. Sharing of responsibility is needed if all parties are to derive maximum benefit from this program. It is agreed that continuous effort will be made by both the LEA and the EPP to accept this shared responsibility.

**II. Scope and Sequence of Clinical Experiences**

Clinical Experiences are defined as follows:

- a. Clinical I – Initial clinical experience of 60 classroom hours completed during instructional time while students are present. These 60 hours are split into 2 separate 30 hour placements. The first 30 hours will be in a Title I school and will be in either:
  1. primary or intermediate grade span for K-5 licensure;
  2. middle school or high school grade span for 6-12 licensure; or

3. elementary school, middle school or high school grade span for K-12 licensure  
The candidate primarily observes and works with students one-on-one and in small groups during this placement. The second 30 hours will be in a different school and will be in the alternate grade span listed for each licensure area above. During the second 30 hours, the candidate is required to teach at least one small group lesson which will be observed and evaluated by the university clinical supervisor using a Modified TEAM Rubric. The Clinical I experience is designed to provide the candidate with opportunities to demonstrate his or her developing effectiveness and positive impact on students' learning and development in diverse learning environments that cover a significant breadth of the candidate's licensure area.
- b. Clinical II – Pre-student teaching experience of 80 classroom hours completed during instructional time while students are present. The candidate actively observes, works with students one-on-one and in small groups, and teaches at least three whole group lessons: the first evaluated by the cooperating teacher and the university clinical supervisor using the TEAM rubric, the second evaluated by the cooperating teacher using a Modified TEAM rubric, and the third evaluated by the university clinical supervisor using the TEAM rubric. The entire 80 hours of this experience are in a single placement. Ideally, the candidate remains in this placement for the student teaching semester. The Clinical II experience is designed to provide the candidate with opportunities to demonstrate his or her developing effectiveness and positive impact on students' learning and development in a consistent learning environment with diverse groups of learners.
- c. Student Teaching – Culminating experience of a minimum of 15 full-time weeks to provide the candidate with sufficient depth of experience for a significant duration of time. The candidate works as an apprentice teacher, engaged in all of the duties and responsibilities of a regular classroom teacher, and maintains the same schedule as the classroom teacher. The candidate spends a minimum of 13 weeks with the primary cooperating teacher and 2 weeks with an alternate teacher as approved by the principal. The candidate is required to teach a total of 5 formally-observed lessons, in addition to lessons required for edTPA. The first observed lesson will be evaluated by the cooperating teacher and the university clinical supervisor using the TEAM rubric, the second by the cooperating teacher using a Modified TEAM rubric, the third by the university clinical supervisor using the TEAM rubric, the fourth by the cooperating teacher using a Modified TEAM rubric, and the fifth by the cooperating teacher and the clinical supervisor using the TEAM rubric. Tusculum University strongly encourages one full week of solo-teaching time or at least two full weeks of co-teaching with the cooperating teacher. The student teaching experience is designed to provide the candidate with consistent opportunities to demonstrate his or her developing effectiveness and positive impact on students' learning and development in a learning environment with diverse groups of learners.

### **III. Scope and Sequence of Content Mentoring Program**

The purpose of the content mentoring program is to provide job embedded candidates with purposeful, structured, and specific support by an assigned content mentor. The content mentor will be a resource throughout their first two semesters of full-time teaching. Throughout this experience, candidates will meet with an assigned mentor to discuss how to apply content and pedagogical knowledge in P-12 settings that progressively develop and demonstrate the knowledge, skills, and dispositions necessary to demonstrate positive impact on all P-12 students' learning and development. Additionally, job embedded candidates will complete 10 hours of observation in the content mentor's classroom per semester.

- a. *Content Mentoring I-* As part of the "Intent to Hire" letter (appendix form JB.1), building or district administrators will assign the job embedded candidate with a content mentor who currently teaches in the same or similar content area, in the same school or school district as the candidate.
